Concrete deliveries are subject to the uniform commercial code 2-615, "Delay in delivery or non delivery in whole or part by a seller is not a breach of his duty under a contract for sale if performance as agreed has been made impracticable by the occurrence of a contingency the non occurrence of which was a basic assumption on which the contract was made." Mixes quoted below, unless otherwise stated, conform to no specific water cement ratio, minimum sack content, shrinkage, temperature requirement, or the plans and specifications of this project.
